

CAD/CAM CONSULTING SERVICES INC.

SALES • SERVICE • SUPPORT

It is with deep sadness and a profound sense of loss that we announce that our founder and owner, Tom Shelar, passed away in his sleep on August 22, 2019. Tom founded CAD/CAM CONSULTING SERVICES INC. (“CCCS”) in 1993 and was its driving force over the past 26 years. Tom was an amazing leader of the company and, more importantly, a great friend to each and every employee of the company as well as to many of our customers.

Tom, 60, is survived by his son, Patrick, Danielle Berger, his longtime companion, his brothers, Rick and Larry, sister Carol Dobson and many nieces, grand-nieces and grand-nephews. He loved racing and recently led his race team, High Speed Motor Sports, to the 2018 NHRA Heritage Series Top Fuel National Championship.

CCCS is the authorized reseller of Mastercam® software in Southern California and, under Tom’s leadership, is currently one of the top 10 resellers in the world. CCCS maintains two offices in Newbury Park, CA and Anaheim, CA. Tom’s family is committed to continuing to grow CCCS, and maintain our place as a leader in providing high quality solutions and customer service to the manufacturing community.

Arrangements for a memorial service have yet to be announced by Tom’s family.
